

HELP SAVE LIVES

Donate to the spay/neuter van

Dear Friends,

Your support today can help save lives! Every year **thousands of cats and kittens** overwhelm shelters throughout Northern California. Without help from non-profit organizations like Whis-Purr Rescue Inc. and dozens of other cat rescue groups around the Bay Area their precious lives would be lost. It takes collaboration amongst rescue groups to save so many lives and now **you** can help make a difference!

The Dilemma

The biggest challenge facing rescue groups is the lack of low-cost spay/neuter services. The majority of rescued cats are not fixed as many are nursing moms with babies and even more are orphaned kittens.

- Rescues compete for surgery appointments as they each try to find and pay for surgeries for hundreds of cats and kittens.
- The scarcity of appointments causes backlogs in the adoption process.
- Fewer cats and kittens can be rescued when the surgery/adoptions are delayed for weeks to months.

Our Solution

A Spay/Neuter van on location at Whis-Purr Rescue (purchase price \$175,000)

- This van will provide a high quality, high volume, spay/neuter program that is affordable and accessible only to rescue groups to help maximize timely adoptions.
- A coalition of rescue groups working together scheduling regular monthly appointments and sharing resources to ensure rescued cats and kittens can be spayed and neutered promptly.
- This opens up desperately needed space for rescues to continue pulling cats and kittens at risk for euthanasia.

Your Support

- **Your donation of \$100 or more to help us purchase the van** will support rescue groups throughout the Bay Area and most importantly will help **save thousands of lives!**
- We need your help to make this project a success. **Together** we can reach our goal.
- Please share this email with friends, family, coworkers and fellow cat lovers. Consider corporate matching in your workplace!

More cats and kittens fixed = more lives saved!

Our funding deadline is December 1, 2021 so please make your donation **today!**
